COUNTY OFFICIAL PAPER.

Saturday, May 26, 1906.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

EXAGGERATION.

The following letter recently appeared in the Picton Gazette, Canada. It was written by a well known lady resident of Belmont.

It is surprising to know how one could distort and exaggerate the result of the recent earthquake and to the injury of the state as every one knows there was only one life lost in the county as a result of the earthquake and that causalty occurred at Woodside. No buildings were sunk out of sight. While it is true a few structures were injured by the disaster, yet these buildings were very rapidly repaired and in a short time the effects of the earthquake will hardly be felt. It is hard to conceive how an old resident of the county could injure the state and particularly this section by sending such trash broadcast:

"After the earthquake I am getting a little quieted down, having been almost crazy. We have had to sit in the house in total darkness, as the officers in charge will not allow us to use any light, they being afraid of fire. They went in everybody's house and took the lamps, throwing them in the streets, and its the same from San Francisco down the line as far as San Jose. We are twenty miles from the former city. We have to cook outdoors, and it has been raining for two days. Our house is now three feet off the foundation, the plaster is all down The same may be said of the saloon—windows all broken. But we have had enough to eat. Every house is in the same fix, except some of them are leveled to the ground. Redwood City, only three miles from Belmont, lost every building. A new court house just finished, costing $100,000, is in a heap of ruins. It was built of stone. High school, three banks, also built of stone went down just the same as the smaller ones. Two hotels have been sunk out of sight, and seventy people with them. San Francisco suffered the worst on account of the fire, occasioned by there being no water supply, as the earthquake broke all the water pipes and the same occurred here. It will be six months before we get any water, only from people's wells as it is handed out.

"Had the earthquake visited us later in the day nearly everybody would have been killed, as it was San Francisco lost over a thousand. Owing to the harbor, the best in the world, that city will be rebuilt. Contributions in money, provisions, clothing, etc., are being rushed in. Oh! my God, it is awful and I cannot tell but little about it. It happened on the 18th at 5 o'clock, and the house was rocking like a cradle, and the noise was fearful. When we got out the land was rolling just like the sea, and we could not stand on our feet for a few minutes. Horses were the same and fell as through they were shot. Just a few miles from here there is a lake of boiling water of 30 acres, which never contained a drop of water before; while mountains collapsed. We are thankful we have been saved through it all. All trains were stopped for four days—the railroad tracks were twisted for miles just as you could twist a hairpin. The suffering has been great but perhaps it is all over.

Thirty-eight years ago they had an earthquake of equal violence, but there were not so many people killed or grand buildings wrecked as recently. I could write forty pages, telling you of the awful things that have happened, but for the present the foregoing will suffice."

Rebuild the Court House.

The last issue of the San Mateo Leader contains the following well timed article. It shows the proper spirit It is to be hoped there will be a large attendance at the meeting:

"San Mateo and all other towns should be well represented. The loss of the new building by the earthquake should in no degree dampen our ardor nor curb our original intention to provide the best courthouse facilities possible. San Mateo says rebuild the structure, and in common with the rest of the stricken district, make it better and grander than ever. We also say rebuild it on the present site, and when it is finished let us have the grand county jubilee as originally intended only on a larger and grander scale also."

Look Out for To-morrow.

The recent disaster in San Francisco has taught some severe lessons in economy. Thousands of people in business or with good salaries find themselves destitute on account of having lived up to everything they made and had not laid up anything. The system of spending practically all of one's income, whether great or small, is a bad one, and will bring hardship. A bank account is not only a great blessing in time of need, but supplies the means of grasping the opportunity that at some time comes to everyone to better their condition. Judicious saving and practical economy are lessons that should be taught in every home and every kind of business.

A Rash Assertion.

A wild eyed paper in Kansas called for some inscrutable reason, "Appeal to Reason," works itself into a state of fury because, as it alleges, "the rich men of San Francisco have petitioned Congress to permit them to import 200,000 Chinese coolies to rebuild the city." The rich men of San Francisco have done nothing of the kind; and, besides, Chinese coolies being unskilled would be of little use in rebuilding the ruined city. But a Socialist, being in a habitual state of mental ferment and agitated discontent, rarely stops to ascertain the facts or reason out the probabilities.

Let the Earthquake Rest.

There are many persons in Redwood City who are still talking earthquake or, if not talking, thinking it. There are some who are still sleeping in tents, too nervous to go comfortably to bed in their houses. Others are on the qui vive for quakes, and imagining them when they do not occur. Some of them can't sleep for fear that a temblor will come and catch them unawares.

There is an old saying: "Cowards die oft; the brave face death but once."

That is what is the matter with these earthquake-scared people. If they would only reflect that it is no worse to be killed than to be scared to death they might take heart of grace and try to put away their terrors.

Is it not about time to quit this nonsense?

The experience of the centuries in non-volcanic countries is that two severe shocks of earthquake do not come anywhere near together in time. We had a tolerably hard shake here nearly forty years ago, since which there has been none to do any damage until the last. It is likely to be forty or more years before we have another; perhaps never.

Resolutions of Condolence.

The following resolutions were adopted by Olive Branch Rebekah Degree Lodge in memory of Miss Edith Stelter, whose death occurred recently:

Whereas, it has pleased Almighty God to remove from our midst and forever separate from us on earth our beloved sister Ella C. Stelter; and

Whereas, her family has lost a loving and devoted daughter and sister, and Olive Branch Rebekah Lodge No. 48, an earnest and true member, therefore be it

Resolved, That while submitting with all humility to the stern decree that has caused this sad break in our fraternal circle, we beg leave to offer our sympathy to the members of her bereaved family, and be it

Resolved, That our charter be draped in mourning for a period of thirty days; that these resolutions be spread upon the minutes of this lodge, published in the Redwood City Democrat and Times-Gazette, and a copy be forwarded to her family.

Submitted in Friendship, Love and Truth, Lydia M. Brown, Ruby E. Wilson Alice Mansfield, Committee.

It is just as well that some of our blessings come in disguise; otherwise hey would never catch us.

The Redwood City Realty company this week sold two lots in the Boyd and Kent tract and two lots at Belmo to the Peninsula Railroad company. Mr. Landschelt, manager of the Realty company says ther is a steady demand for property in this section. The fact that the railroad company is buying lots shows it means business and will construct the road from San Jose to San Mateo.

All of the officers and members of Court Madrone F. of A. are requested to be present at the regular meeting next Thursday night as a class of ten is to be initiated. This will be the first initiation in the comfortable new home of the Court and should be well attended. Court Madrone should be complimented upon the progressive spirit which it has shown in building a hall of its own so soon after the destruction of its former meeting place.

Architect Coffey and the gentleman who did the stone work on the First National bank were here Saturday and inspected the building, making a report to the directors of the structure wrecked by the earthquake. The building will be restored to its former beauty and built more substantial than before. Financially the institution is one of the soundest between San Francisco and San Jose.

The beautiful solo, "Face to Face," sung last Sunday at the Baptist church by Miss Gertrude Beeger was greatly enjoyed by the congregation present. The Missionary spoke on "Christ's Second Climing"—his coming for his church. It was the first in a series of addresses on prophecy. Next Sunday he will speak on "The End of the Age." There will be special singing at the service next Sunday by Mrs. Prof. Johnston, the Misses Loder and Hull all of Palo Alt It is also expected that Mr. Stocks of San Mateo will sing. Sunday school at 2:45, preaching at 3:45. A plan is on foot to give a diversicied and choice musical service on Children's Day.

The remains of William Western who was killed by the collapse of the Eagle hotel in Santa Rosa on the mor ing of April 18th will be interred in Union cemetery, this city tomorrow. Mr. Western worked in the Frank Tannery for two years but left about two months ago for Santa Rosa to accept a position. He was a very estimable young resident here. He was a single man and came here from Pennsylvania.

The memorial service which is usually held in the Congregational church will be held in the Baptist church Sunday morning at 11 o'clock as the Congregationalists are holding all of their services there since the earthquake. The members of the Relief Corps and G. A. R. are invited to attend in a body andeverybody is cordially invited to be present. The notice that the service would be held in the afternoon was a mistake.

Memorial Day.

Next Wednesday will be Memorial Day. The stress of the past few weeks has crowded thoughts of its observance from our minds, but as the date approaches our citizens are beginning to prepare for the decoration f the graves of our country's soldiers who have fallen in its cause. As usual fitting exercises will be held and attended by the townspeople, public school pupils being present in a body. At the close of the exercises a procession will be formed to Union cemetery and the graves decorated. Redwood City has many a gallant soldier resting in her quiet little cemetery and every grave will be decorated.

THE CONSTABLE RELEASED.

William H. Hart who was shot by Constable Robert Carroll of Colma died Thursday of his wound. Carroll was arrested shortly afterwards and taken before Justice of the Peace Cunningham and released on his own recognizance.

The shooting was the outcome of a riot which took place Sunday afternoo at Beef Steak Bill's on the San Bruno road, just beyond the county line. The riot was participated in by 400 men and women armed with whiskey flasks, who attacked the constable, armed with a club and a revolver. The trouble was brought about by the stealing of the constable's buggy by Charles Keenan and Frank Fisetti, whose arrest by the constable was vigorously appcsed by the mob.

Carroll had been relaying the drunk uds across the county line, so he had little time to look afetr his mare. Stopping at Beef Steak Bills, he was surprised to see his horse being madly driven up the road.

Ludermann, the constable's deputy, grabbed the mare by the bridle, and Carroll leaped into the buggy and grabbed the fellows by the neck. The crowd witnessing the trouble gathered around and shouted to the constable to let Keenan and Fisetti alone. Immediately from all sides bottles of whiskey began to be hurled at the constable. One of the bottles struck him behind the ear and the whiskey splashed in his face. Another bottle struck him on the shoulder. He drew his club to ward them off. Then as they began to surround him, acting as they were about to mob him, he drew his revolver.

Carroll asys that he saw, or was satisfied that Hart threw a bottle at him. In his statement made last nigh he says that Hart was one of the ringleaders, and from the front row shouted that the young men under his arrest were his brothers. At any rate Carroll admits hat he aimed at Hart when he fired the bullet.

The shot scattered the crowd immediately. Hart dropped to the groun with a bullet in his abdomen. He was taken to Dr. Plymire's sanitarium in Baden.

Hart before his death swore to an affidavit exonerating Carroll. He claims, however, that he was not a ringleader but an on looker.

Keenan and Fisetti are in the county jail here.

RETURNED IT WITH THANKS.

Town Trustee W. C. Havey received the following letter this week from P. J. Ryan, rteasurer of Elizabeth, New Jersey, containing a check for $400 to be given to the sufferers of Redwood City.

As there was no one in need of aid here, Mr. Havey returned it with thanks, recommending that it be given to the distressed of San Francisco.

Elizabeth, N. J. May 19, 1906.

To his Honor the Mayor, Redwood City, Cal.

Dear sir: At a meeting of our City Relief Committee for California sufferers yesterday, from a fund which they have collected by public contributions I was instructed to send you $400 for the benefit of the most distressed in Redwood City.

We fully realize here the calamity you have met with, and aside from what the Singer M'fg. Co., whose works are here has collected for th benefit of the people in California ever $5000., and that which church and fraternal organizations have collected which amounts to thousands of dollars, our city has collected from various sources nearly $7,500, $400 of which we send you today and hav previously sent $3,000 to San Francisco, $1,000 to Santa Rosa, $500 to Napa, $500 to Salinas, $300 to Hollister and $200 to Gilroy.

You will find enclosed my check for $400 payable in New York for the purpose indicated, and I would thank you to acknowledge the same by letter.

In sending you this it is hardly necessary for me to say thatyour people have the heartfelt sympathy of our citizens, and we hope and trust you will soon overcome your great trouble and disappointment.

Very truly yours,
P. J. RYAN,
Treasurer.

St. Peter's Church Bazar.

A Decided Success.

Chief Justice Beatty declares that the Courts of Appeal are a decided success in accomplishing work for which they were created, notwithstanding the relief they have been able to give the Supreme Court is inappreciable from the fact that it is so far in arrears.

When a woman talks nothing but small talk she is almost as bad as the man who always talks big.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Its Last Meeting.

The Board of Supervisors met in regular session Monday. All the members were present.

Mrs. Francis V. King of Belmont appeared before the Board and asked permission to excavate Middle road at that place for the purpose of laying a water pipe. She said that it was imperative that work commence a once. On motion of Eikerenkotter seconded by Debenedetti the request was granted.

A. Madelena, an indigent person of the First township applied for aid owing to old age and infirmities. He was unable to gain a livelihood. On motion of Eikerenkotter seconded by Debenedetti applicant was allowed $8 per month from May 1st.

W. Z. Price petitioned the Board for the appointment of auditor to fill the vacancy caused by the death of George Barker. The petition was ordered filed for future reference.

Eugene L. Dearborn presented a lengthy petition liberally signed by the residents of Pescadero to be appointed auditor. The petition was ordered filed.

Herman Frey of Pescadero notified the Board of his withdrawal from the bond of Antone Buelna, poundmaster of the Fifth township. On motion of Coburn seconded by Debenedetti the office was declared vacant.

A communication was read from E. R. Smith with reference to supplying water tanks to the county. Chairman Coleman referred the communication to Supervisor MacBain.

Regarding the roadway in the first township whose destruction had been caused by the operations of the Ocean Shore company, Eikerenkotter stated that he had taken steps to repair a portion of the same, and he had no doubt that the railroad contractors would restore that portion for which they were responsible. He was given time to confer with them and request that they take immediate steps to repair the damage.

A representative of J. L. Sloane & Co. of San Francisco was present. He said his company would meet the Board half way in reference to the linoleum furnished the new courthouse He thought there would be a loss of fifty per cent. MacBain suggested that the company look after its property. He was informed that some of the linoleum was being removed from the courthouse. Further action on the J. L. Sloans & Co's. contract was deferred.

Bids were opened for the publication of the Delinquent Tax List and the contract was awarded to the Times-Gazette, on motion of MacBain seconded by Eikerenkotter, its bid of 75 cents per square for the first insertion and 40 cents for each subsequent insertion being the lowest legal bid.

The affidavit of D. E. O'Keefe showing that Ordinance No. 204 had been published as required by law, was read and ordered filed.

Debenedetti stated that he had secured the services of the surveyor to ascertain the condition of the damaged concrete bridge in his district, but Mr. Gilbert desired to consult with some other engineer before rendering his report.

George C. Ross addressed the Board stating that some immediate action should be taken to repair the damage done the new courthouse. He had spoken to prominent San Francisco attorneys and to local residents and t appeared to be the desire on their part that to show our faith in the future of the county that immediate steps be taken to restore the building. He earnestly called attention to the fact that the Southern Pacific Railroad company would soon put on its overland trains and owing to our situation along the line of the road eastern tourists and others could plainly see the wrecked structure. Mr. Ross said we must show our faith in the future of this seciton by restoring confidence and at once repairing the building. It will aid San Francisco in bringing capital to the stricken city and whatever helps the metropolis assists the county. Mr. Ross' earnest and forcible address evoked applause. He concluded his remarks by reading the following resolutions:

Whereas, the Board of Subervisors of the County of San Mateo several years ago, after full consideration by and with the citizens of the county, did determine that the old courthouse of said county was entirely inadequate for the proper transaction of public business and unsafe for the preservation of the many valuable public records therein, and did thereupon resolve that a new courthouse should be constructed at Redwood City, which building should be commensurate with the growing public business and the increasing importance of the county; and

Whereas, in pursuance of such determination and resolution said board caused to be erected at said place a new courthouse, which building on the morning of April 18, 1906, was paid for and practically ready to be occupied and used by the officers of the county and the public; and

Whereas, prior to April 18th, 1906, the old courthouse had been sold by this board and ordered removed from the courthouse premises, and the same is now dismantled and unfit for occupancy; and

Whereas, the earthquake of April 18th last materially damaged the new courthouse building and made it also unfit for public use; and

Whereas, the officers of the county are now located in temporary quarters insuitable for their use and entirely inadequate for the proper transaction of public business and in which the public records are unsafe and are liable to be greatly damaged to the serious injury of the public; and

Whereas, this board deems it to be the duty of the representatives of the people in time of disaster and distress to act as leaders in any movement toward obviating so far as possible any permanent ill effects therefrom; and believes that they should show their faith and confidence by their acts and thus encourage their constituents who look to them for guidance; and

Whereas, this board has full faith in our county, its future growth and development, and its continued prosperity and recognizes the great natural advantages of the county, its proximity to one of the greatest, though now stricken cities of the country, and has no fear of any recurrance of any further disaster by another earthquake; and

Whereas, this board has entire confidence in the indomitable courage and energy of the citizens of the county and fully believes that they will work with all the people for a greater and better San Mateo county, a greater and more beautiful city of San Francisco, and a greater and more prosperous State of California:

Now Therefore, by reason of the foregoing facts and circumstances, it is by this board of supervisors in regular open and public session,

Resolved and Declared, that it is the sense and judgment of this board that the public good and wellfare requires and demands that steps should be taken at once to reconstruct and restore said courthouse; and

Be it Further Resolved and Declared that this board intends to and will at the earliest possible date proceed to rebuild, reconstruct and restare, on its present site, said courthouse building so unfortunately injurd on April 18th last, and to that end and that the voice of the people may be heard and that this board may have the benefit, aid and assistance of the wisdom and experience of its constituents, it is hereby,

Further Resolved, that a meeting of this board be held on Monday the 28th day of May, 1906, at ten o'clock a. m., at the temporary chambers of this board at Redwood City, for the purpose of discussing ways and means toward such reconstruction and restoration of said courthouse, and that all of the citizens of the county be, and they are, hereby invited to attend such meeting and then and there favor this board with their advice and views; and

Be it Further Resolved, that all of the county newspapers be, and they are, hereby requested to publish these resolutions that the public may have full notice of the determination of this board and of such meeting and the request of this board to attend the same.

E. F. Fitzpatrick endorsed all Mr. Ross had said and in addition explained that in calling a meeting of the taxpayers the Board would be doing what San Jose had already done He urged that as many citizens as possible be present to take part in the deliberations of the meeting.

MacBain thought the first step to take was to inspect the building and determine what could be done. He suggested that there were three experts, John Leonard, John D. Galloway and Henry A. Schultz at work on the Stanford buildings and that their services be secured.

J. J. Bullock offered the suggestion that the resolution adopted by the board be given publicity in all the counyt newspapers.

On motion of Debenedetti seconded by Eikerenkotter Geo. C. Ross, E. F. Fitzpatrick and MacBain were appointed a committee to secure the services of Galloway, Leonard and Schult who are to have a report by the next meeting of the Board.

District attorney suggested that some one be appointed to take temporary charge of hte auditor's office. On motion of Debenedetti seconded by Coburn Miss Linda Mullen was appointed at a salary of $50 per month.

No further business appearing the Board adjourned to meet Monday, May 28th, to discuss the matter of rebuilding the courthouse.

Show Your Faith in the County.

Representatives from every town in the county should be present at the meeting to be held at the Board of Supervisors next Monday as every one is interested there should be a full exchange of opinions. It is highly important that the courthouse be rebuilt. At present the county records are not safe. We can show our faith in the future of the county and demonstrate our confidence to overcome the recent disaster by rebuilding. This is no time to lag—we must row, not drift. We should show a progressive spirit at this time. This is a rich county and the new courthouse ought to be better than the one originally designed.

Palo Alto Won the Debate.

Palo Alto came, Palo Alto talked and Palo Alto took the the cup home, such was the outcome of yesterday's debate between Sequoia High School and Palo Alto High School. The question of the Department Store Evil was carefully gone into and it was the opinion of Professors Martin and Bassett of Stanford that Palo Alto, the affirmative had ably demonstrated that we should continue the department stores while Geo. W. Lovie of Redwood City, the third judge, has as firmly fixed an opinion that Sequoia should have won. The decision was two to one with Palo Alto on the long end. As a whole the debate was good. The delivery of the Sequoia team was a shade better than that of the Palo A tans. The argument was close; but as Redwood City could not be the judge, Palo Alto kept the cup.

Cause of the Earthquake.

President Jordan of Stanford university, which was so terribly shaken up by the recent earthquake, ascribes the disturbance to a slipping of the Sierra Morena mountain chain from 3 to 6 feet along the line of a geologic fault. This chain forms the backbone of the peninsula of San Francisco, and along its base for forty miles is a narrow valley. Jordan says that on April 18 the old fault reopened and cracked the surface of the earth the entire length of the valley, causing the mountain to slip toward the north.

Will Build a Fine Bungalow.

John J. Jury, brother of R. H. Jury editor of the San Mateo Leader, has purchased a lot in Evergreen Park on Leland avenue and will build at once a very fine bungalow costing not less than $3,000 which will be one of the most modern homes on the peninsula. Mr. Jury is well known in this county having been the attorney for the Mills estate for some years.

They're Engaged.

An engagement of interest is that of Miss Lavina Hoffacker, cousin of Mrs. Spencer F. Eddy and Raymond Splivalo, son of C. Splivalo of Belmont.

The wedding will tage place early in the fall. At present Miss Hoffacker, with her family, is visiting in the country home of her grandmother, Mrs. Dore at San Mateo.

Miss Hoffacker is a charming girl and a great favorite in society.

The Splivalos have a beautiful home near Belmont, where they entertain lavishly.

Locate Here, If You Are Wise.

As many manufacturers are unsettled since the great San Francisco fire and have not yet decided where to locate, the Times-Gazette would call their attention ot Redwood City, where its nearness to the city would be a big advantage. The shipping facilities are excellent, and Redwood is the center of a broad scope of country whose people would be consumers of many kinds of manufactured articles.

Will Locate Here.

The Pacific Soda Co. which was recently burned out in San Francisco closed a lease with the Cullen Co. Wednesday whereby they will take possession of the old plaining mill property between Mound street and the railroad track and convert it into a plant for the manufacture of baking powder and baking soda.

The company located her because of the excellent water and railway facilities which Redwood City offers. They will employ 20 men which means the addition of several families to our town.

CITY COUNCIL.

The city council held its regular meeting last Monday night and much business of importance was transacted. F. H. Thorpe addressed the board asking that certain concessions be made to the John Hortsman Co., proprietors of the Pacific Soda Works, who intend to locate here, and as the requests were reasonable the concessions were granted.

As the terms of the appointive officers of the town were about to expire the incumbent officers were reappointed. They are:

Street Superintendent—Joseph C. Dickey

Attorney—Archer Kincaid.

Night Watchman—J. P. Coleman.

Janitor and Water [illegible] Christ.

Health Officer—Dr. Maine.

The question was brought up by Hynding of allowing the residents of Phelps street to put in wooden instead of concrete curbs. There was some sentiment against this and it was decided to have the property owners who live on the street in question appear and state their views.

An invitation from the Women's Relief Corps to participate in the Memorial Day exercises was received and placed on file.

Surveyor Gilbert reported that it would cost in the neighborhood of $8,000 to lay the proposed pipe in subdivision A of the Wellesley Park. It was doubted by members of the board whether so large a sum were available at the present time. Mr. Ross for the owners of the Park said that large amounts were to be expended immediately for sewering grading and other improvements and hoped that action would be taken soon. The matter was laid over for further consideration.

W. B. Armstrong who asked for water connections with his property in the Hooper tract was referred to the water committee. After the following bills were ordered paid the council adjourned:

The Paynes arrived a few days ago and are at Menlo Park, where they are occupying their beautiful country residence there. The Payne home on Sutter street fortunately escaped the flames, which reached within a hundred feet of it. The house was damaged by earthquake and dynamited.

R. H. Plant, a former conductor on the broad gauge railroad, but for several years a life insurance solicitor, finds in this catastrophe a bracer for life insurance, in which it was in great need. The week following the shake, he met a party whom he had insured several years ago for $25,000. He was now hard up and greatly in want of money. He told Mr. Plant that if he could help him secure $3,000, it would put him on his feet again. Mr. Plant replied: "I can get you $5,000 in half an hour, if you want it," and explained to him how his life insurance policy was the best possible security at the present time. Plant says that hundreds of men will be tided over this crisis on the credit of their life insurance.

Tuesday's Chronicle makes the following statement concerning the boom which has already begun in suburban real estate and which is destined to make local land values more active than for years past. The Palo Alto plot referred to is just across San Francisquito creek, in the vicinity of North Palo Alto, and the other is at Fair Oaks. The Chronicle states: "More is now being done in country realty than ever before, there being many eastern buyers, while suburban properties are in demand by persons with city business interests which permit them to come in and go out of town every day. Peninsular properties are especially sought. One example of this condition among a number is the purchase by Samuel Nash of thirteen acres at Palo Alto from the National Land company for $7,000, through Hoag & Lansdale. A client of that firm has also bought 248 acres in the former Johnson ranch from Mr. Caillaeu for $53,000, and will subdivide the holding into villa lots."

They say that money does not bring happiness. This is an experiment, however, which every one wishes to try for himself.

Tillman admits he is a mule. We had intended to use another word, but will let it go at mule.
